

Fiam seatings immersed in the Tuscan landscape

Samba and Tango for 'Terme di S. Giovanni' and 'L'antica Querciolaia'

Read 0 times

26/07/2017 - At "Terme di S. Giovanni" and "L'antica Querciolaia", FIAM has been involved in the supply of outdoor furniture. The Swinging lounge chairs Samba and Tango have been able to integrate perfectly with the Tuscan environment.

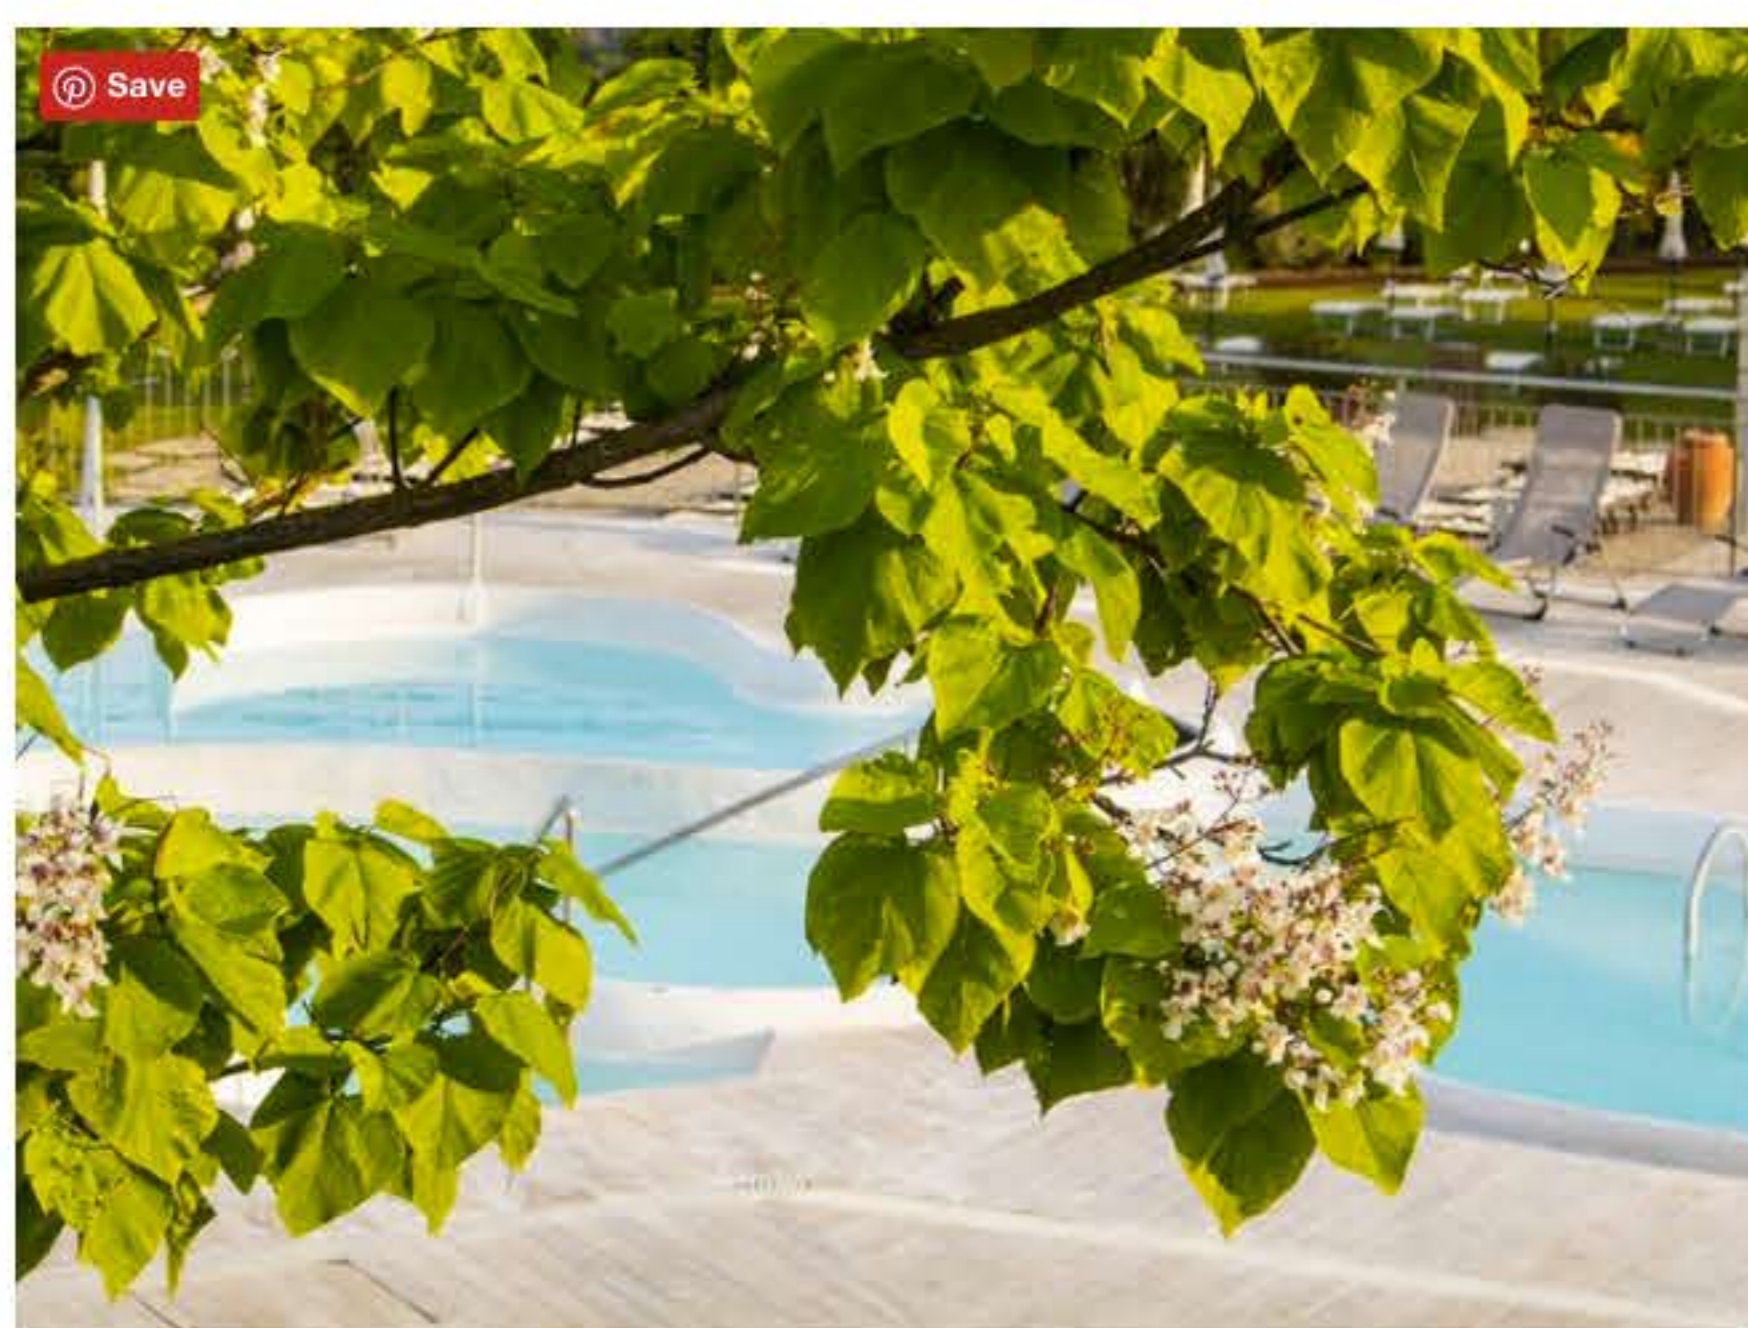

In the contract FIAM emerges with ease, because it responds promptly in the big supplies without lose the care of the detail, replicating itself in its elegance and doubling it performance, adapting to the audience it has to meet, to the needs of architects and designers, sensitive to the needs of those who must foresee intensive use of the furniture.

For SPA spaces the Fiam products help to widen the suggestion of the surrounding environment by increasing the well-being and relax. Seriousness, quality and care are the values that distinguish us and that we bring in every product with inevitable dedication.
