14/11/2017 - **Fiam** has been exhibiting at Spoga international fairtrade for thirty years. Also this year the company attended the Spoga , located in Cologne (Germany). The exhibition has been an important opportunity to meet buyers and decision-maker coming from all over the world. Thanks both to the quality of its products and the minimal design, Fiam managed to distinguish itself, revealing the latest trends of 2018.

Among seasons' news the colors black, brown, and countless green shades stands out. In the exhibit space can see the best sellers: **Fiesta, Movida, Samba, Dondolina, Amigo, Spring Chair, Sirio Table** and the outdoor modular upholstered cushion **Ulisse**. Also on show two must-have inspired by the 60's : **Lido armchair** and **footrest**, flanked by **Spaghetti**.

LIDO: Lido Lounge armchair is perfect for furnishing outdoor breathtaking corners, it creates a relaxed atmosphere thanks to its kind of seat: calm and comfortable in both convivial and private environments. It recalls round shapes of the 1950's and with the typical pvc strings weaving (the so called "spaghetti"), it clearly assumes a revaluation value. It is stackable and although its wide seat, it takes up a minimal amount of space. It is completely produced, weaved in Italy and certified EN 581 for collective use.

FOOTREST LIDO: aluminum spaghetti outdoor footstool can be combined with the normal armchairs and high back armchairs. It is available in texfil or with pvc strings.

SPAGHETTI: Spaghetti, the legendary relax chair, as the most loved food in Italy, retains the memory of particularly simling years: the legendary Sixties! Plastic becomes a design material and plays in a new and casual way everyday objects. This is the case of the deckchair Spaghetti, that perfectly personifies the spirit of that time. It is hand-braided in Italy, it's adjustable in 5 different positions and equipped with a storable footrest.
